

MESSAGE FROM OUR EXECUTIVE DIRECTOR

Dear Friends,

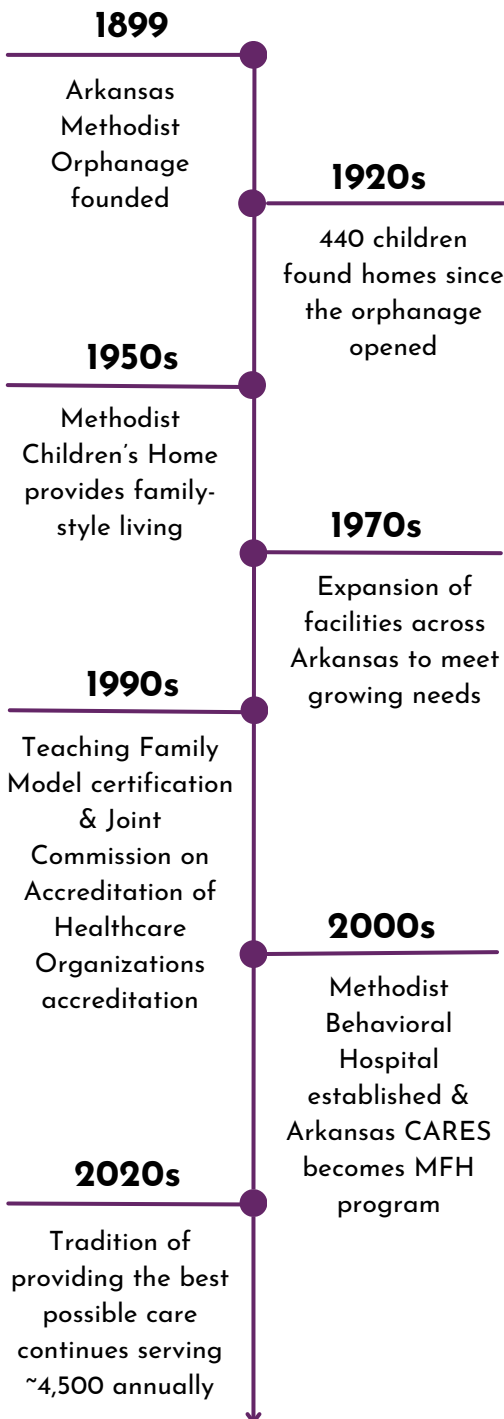

Thank you for making 2023 another outstanding year for Methodist Family Health Foundation! This year marked some incredible milestones: I'm celebrating five years of service at our organization, and the Foundation has been in existence for two decades. But the landmark of truly remarkable note is Methodist Family Health's 125th anniversary.

The story of Methodist Family Health began in 1899, when Colonel George Thornburgh and other thoughtful Arkansans opened the Arkansas Methodist Orphanage (later known as the Methodist Children's Home) to provide care for children. As the orphanage system evolved, regulations changed and varying mental health needs arose, we grew to provide a range of therapies for our clients. Methodist Family Health now offers a comprehensive array of services to provide the best possible care to those who have experienced abandonment, abuse and neglect or struggle with psychiatric, behavioral and emotional issues in communities across our state.

We have been blessed with many wonderful leaders, compassionate staff, dedicated volunteers and generous donors throughout the years. Thank you for the immeasurable ways you have helped us grow and serve our community. We appreciate you as part of our history and hope you will continue to support the Arkansas children and families in our care.

Amanda Smith

Amanda Smith, CFRE

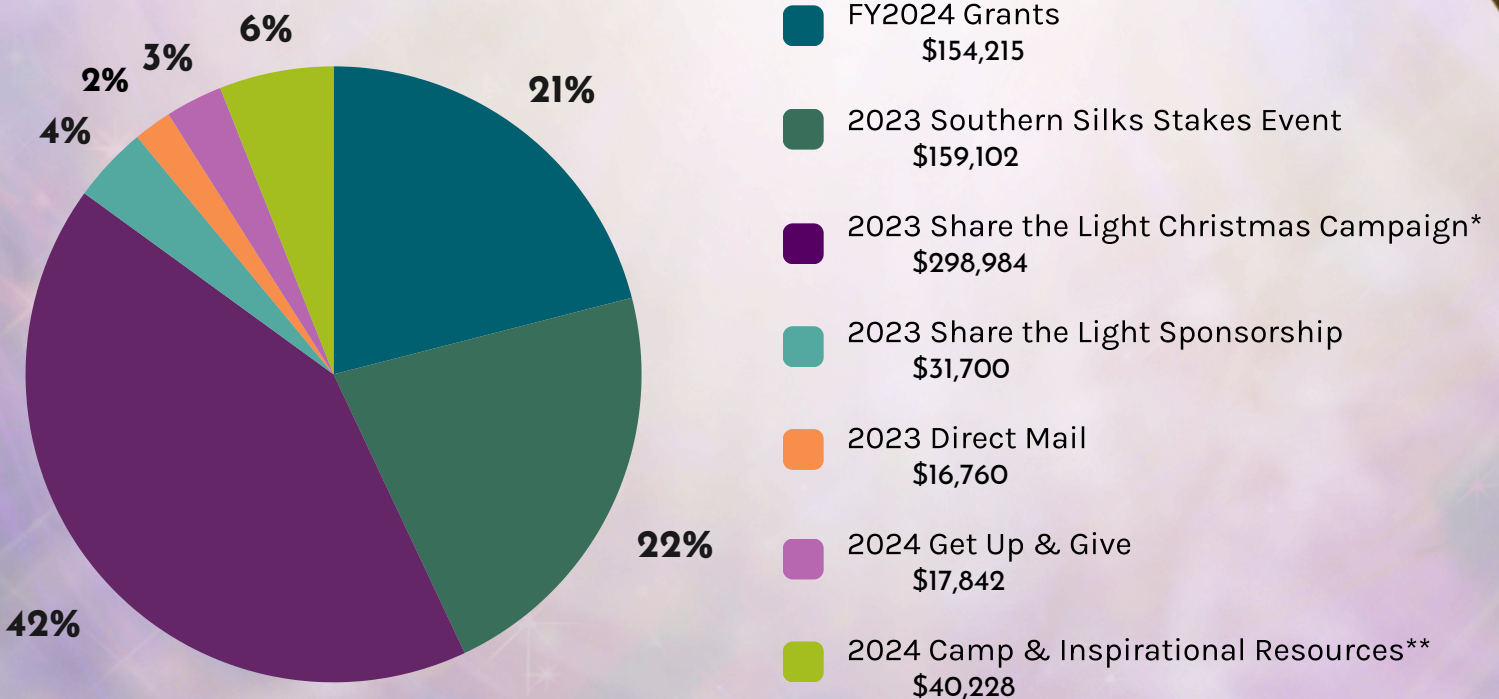

WE CANNOT DO IT WITHOUT YOU

Thank YOU for investing in the Arkansas children and families in our care! YOU are helping to create brighter futures for those who have experienced trauma and struggle with their mental health. YOUR GIFTS allow children to enjoy peace and comfort, mothers to overcome addiction and become better parents, students to have the space to learn at their own pace and all these Arkansans to feel safe and supported.

Thank
You
