THE LIGHT

We invite you to share the script below.

*To request a Methodist Family Health Foundation representative to present,
contact 501-906-4253 or foundation@methodistfamily.org.*

Every day in Arkansas, children face challenges no child should have to endure. Struggles that dim their sense of hope.

Methodist Family Health helps provide the care, counseling and safe spaces that are needed to heal. This ministry is an extension of our local church ministries with children and families – one that's in our own backyard.

Methodist Family Health serves more than 4,000 children and their families each year through programs across Arkansas. Founded as the Arkansas Methodist Orphanage and commonly known as the Methodist Children's Home, Methodist Family Health now has inpatient behavioral hospitals, psychiatric residential treatment, a therapeutic day school, outpatient counseling, the Kaleidoscope Grief Center, and a substance use recovery program called Arkansas CARES in addition to the children's homes for foster children.

Those in the care of Methodist Family Health have experienced the dark.
YOU can help illuminate the path forward.

This holiday season, we invite you to share YOUR light and make a difference for an Arkansan in need.

You can donate online at mfhfoundation.org or by mailing a check to Methodist Family Health Foundation.
