

This Christmas,  
you have the power to change a life.

You can help children, teens and families in  
Arkansas find safe places to heal,  
compassionate care  
and a future filled with possibility.

A gift is more than a donation - it's a light  
that guides them through their darkest times.

A light of hope in the eyes of a child.  
A light of comfort for a struggling family.  
A light of healing when it's needed most.

When you give light...you give hope.  
And with your help,  
hope shines brighter than ever.
