

Methodist
FAMILY HEALTH
FOUNDATION

Christmas in July

Santa may be taking a break, but we never do!

Methodist Family Health provides the best possible care for those who experience abandonment, abuse & neglect or struggle with psychiatric, behavioral or emotional issues.

The Foundation supports the children, teens & mothers in our inpatient behavioral hospitals, psychiatric residential treatment, substance use recovery program, day treatment school, grief support program & outpatient counseling.

From covering basic needs to offering joy, these items help those in our care feel supported - despite the trauma they have endured or the hospital setting they may be in.
